## Welcome To **Eureka Physiocare**

Bringing cutting-edge therapy products to help the UK's leading physios achieve faster patient outcomes.

At Eureka Physiocare, we know there are several companies you can choose, and we thank you for choosing us.

Eureka Physiocare is pleased to introduce our latest catalogue as your new buying companion which demonstrates our strong commitment to physiotherapy professionals.

At Eureka Physiocare we are here to help you through our commitment to reliability and sustainability. As a supplier to hospitals and clinics we aim to make every touch point an enjoyable and pleasant experience. We trust you will enjoy browsing your copy of our new Product Catalogue.

Happy browsing, we look forward to speaking soon.

Best regards,  
**The Eureka Physiocare Team**

# Why Eureka?

**Eureka Physiocare** is a fast-growing vibrant supplier with a mission to help the UK's leading physios achieve faster patient outcomes.

We could begin with a description of our 10,000 square foot warehouse, full of ready-to-despatch physio supplies or introduce our fantastic product specialists and operations staff who bend over backwards every day to ensure the success of our customers. But instead, let's focus on the needs of you, our key customer.

Today's physiotherapists and allied health practitioners face challenges on multiple fronts. Increasingly complex caseloads, reduced reimbursements, massive backlogs and staff retention issues all combining to make running a modern treatment centre stressful to say the least! At the same time, rising levels of awareness in personal health have increased demand for services, providing clinics the opportunity to diversify into more lucrative, specialised services as demanded by the market.

This challenging environment demands a laser focus on service delivery, efficient business operations, and a leveraging of your team to offer a positive experience that your patients will recommend.

Acutely aware of these challenges, Eureka Physiocare is dedicated to the needs of our customers and have structured our service and product range around four guiding principles

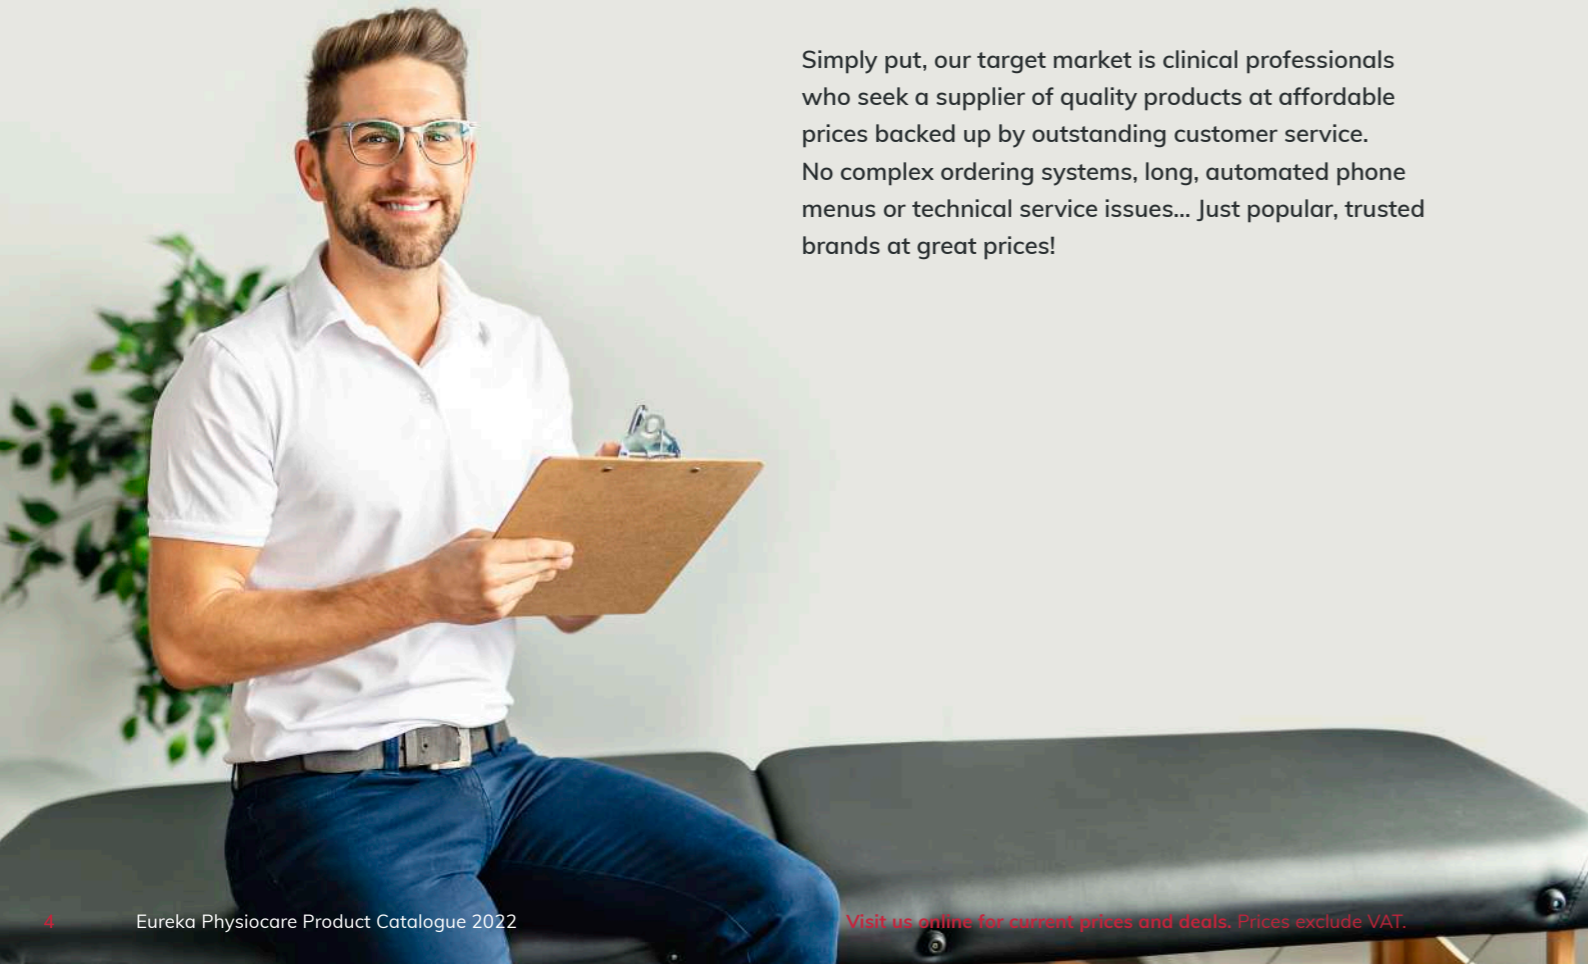

**Reliable:** we realise that reliability is based on timely delivery of essential supplies. The entire team is driven by our goal of 100% On-Time, In-Full delivery of stock products.

**Innovative:** Always changing, always innovating

**Caring:** For customers, each other and the environment

**Energetic:** going the extra mile for customers

Simply put, our target market is clinical professionals who seek a supplier of quality products at affordable prices backed up by outstanding customer service. No complex ordering systems, long, automated phone menus or technical service issues... Just popular, trusted brands at great prices!

# The Physiocare Portal is our innovative new online ordering system specially designed for busy clinics.

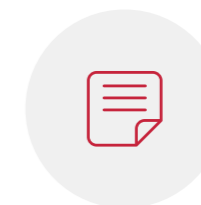

With your ability to order consumables at the click of a button along with a complete overview of all your spending you can slash your on-screen housekeeping from hours to minutes while saving on delivery costs and multiple supplier invoices.

and feel the benefits for yourself

# Finance Leasing Available

Finance leasing is the most popular way for UK clinics to spread the cost of acquiring new equipment. It is a great way for businesses to ensure they get the correct equipment as opposed to a cheaper inferior product.

## What are the benefits?

**100% Tax deductible** - All rentals can be offset against company profit.

**Immediate purchase of equipment** - acquiring the equipment when needed.

**Keep Capital** - Which can be saved for other profitable purposes.

**Stay up to date** - Having the very latest technology, updating every few years.

**Small Outlay** - Minimal down payment.

**VAT** - Is paid each month on the rental therefore effectively deferred.

**Plan budgets** - Payments are fixed you know when & how much to pay.

**Get the equipment you need when you need it** - not when you can afford it.

**Contact us** to discuss how leasing can help take your clinic forward.

### Important

Where finance is required for the purchase of capital equipment etc, Eureka Physiocare may make suggestions to possible avenues of finance. However, we are independent and do not have any exclusive agreements or relationships with any one lender or lenders. In our capacity as specialist equipment distributors, we do not act and will not act as a broker, agent, fiduciary or otherwise for any lender and the onus rests solely on the customer to satisfy themselves that their chosen provider and financial product is appropriate and suitable for their unique situation. Accordingly, we shall not be liable nor responsible for any consequences arising directly or indirectly from any decisions made by our customers in choosing their financial products and/or from consequently entering into any legal agreements with that chosen lender or lenders.

# Our Eureka Sustainability Commitment

Environmental compatibility, ethics and social responsibility are core company principles. As certified to **ISO14001** we see ourselves as a responsible and socially committed company.

The world produces more than 400 million tons of plastic every year, and only 9% is recycled. People are demanding change, and we at Eureka Physiocare have taken notice.

## How is Eureka Physiocare helping the environment?

- Reduction in courier miles by combining deliveries
- Utilising electric vehicles for deliveries
- We recycle 90% of packaging received from suppliers
- All catalogues printed on FSC accredited paper and are fully recyclable
- Invoices and statements are sent electronically
- Using recyclable packaging materials
- Development to improve sustainability of products
- Paperless editing for marketing team

# Why thousands of therapists across the UK trust **Eureka Physiocare**

Our customers say **Excellent** ★★★★★  
4.87 out of 5 based on 260 reviews REVIEWS.io

“I am the Director of PPPphysio Ltd which has been established for 16 years. I have also been Physio to Cardiff RFC for 22 years, I’ve worked for the Football Association of Wales for 17 years and I’ve worked for Glamorgan County Cricket Club. I have therefore used lots of different suppliers in the past and I now use Eureka Physiocare for our Physiotherapy & Pilates orders. I have found their level of service to be exemplary, reliable next day delivery, really friendly and helpful staff and of course and most importantly great products at really competitive prices.”

**Dyfri Owen**  
Director of PPPphysio Ltd

“This is the best treatment couch I have ever owned. The Stabil is amazing and recommend to any serious therapist”

From **Paul H**

“Excellent customer service. Very quick delivery times. My ‘go to’ company everytime”

From **Sandra J**

“Excellent customer service and fast delivery on products. Been a convert to Eureka for last couple of years”

From **Jill K**

“Great customer service from all staff at Eureka Physiocare, orders always arrive quickly”

From **Clare L**

“Always quick delivery, quality products, very happy with the service, highly recommended”

From **Adele D**

“Excellent communication before, during and after sales”

From **Susan H**

“Easy to use website, prompt service and excellent products”

From **Jo T**

# Important questions to consider when choosing your clinic supplier

1. What percentage of orders were delivered on time and in full last month?
2. Can they provide you with a single source supply?
3. Do they offer an interactive portal for you to manage your account and analyse your spend?
4. Do they keep you updated with new products to help improve patient outcomes?
5. Do they offer free samples and demos?
6. Do they offer returns?
7. Can you speak to them on the phone?
8. Do they offer next day delivery to save bulk storage at your clinic?

## WHY CHOOSE NOVOBAND LATEX FREE RESISTANCE BANDS?

### DEVELOPED BY PHYSIOTHERAPISTS

NOVOBAND was founded and developed by a team of physiotherapists who understand the needs of clinicians involved in the rehabilitation of patients and athletes. It has been our mission to develop a premium quality latex free product.

### 50 METRE ROLLS

NOVOBAND resistance bands are available in 50 metre rolls (54.7 yards), making them one of the most cost effective brands on the market per metre. The bands can be dispensed from the box or if preferred can fit on a dispenser rack. Cut them to the desired length for individual use.

### GRADED RESISTANCE LEVELS

Both the resistance bands and packaging are colour coded making them easy to identify. Available in a variety of resistance levels ranging from very easy to very difficult allowing the clinician to customise an exercise program and select the most suitable resistance level for their patients. Watch them progress from one level to the next as they get stronger.

#### PREMIUM QUALITY

Made from a robust material that has been tensile tested

#### 100% LATEX FREE

Poses no risk to users who are sensitive to latex

#### POWDER FREE

Leaves no powder residue on clothing

#### SMOOTH STRETCH

Provides a smooth stretch throughout the range

# ORTHOLIFE

## Universal Reversible Wrist Brace

The Futura Type Splint provides comfortable, moderate support and compression for injured, weak or post-cast wrists.

### One Size Fits Most

Universal left and right sizing - keep one size instead of 8 sizes in stock. Includes sleeve for easy application. Helps prevent injury.

Breathable materials which are soft and long lasting. Fastens via velcro for a better fit.

“It’s great; the shape of the aluminium stay moulds to the hand, its breathable, and it’s universal!”

Approved  
NHS Supplier

KINVENT

### Kinvent KForce Force Plates

Plates enables measurement of static and dynamic balance in a wide range of movements. Resistant and lightweight, ideal for assessment and exercise in proprioception. Use with KForce App for accurate readings and reports.

SKU	Price From
EKM014	£1,420.00

### Kinvent KForce Digital Muscle Dynamometer

Portable wireless dynamometer for a quick and objective strength assessment, which tracks the patient's progress during each session. Use with KForce app for accurate readings and reports.

SKU	Price From
EKM011	£657.00

### Kinvent KForce Link Pull Dynamometer

For measuring isometric strength and biofeedback training. Perform operator-independent measurements. It can be easily secured to a physiotherapist table, to wall bars or to a pulley system. Use with KForce App for accurate readings and reports.

SKU	Price From
EKM015	£770.00

### Kinvent KForce Bubble Pressure Sensor Dynamometer

Innovative and versatile pneumatic dynamometer that transforms pressure variation into a force measurement. It is possible to adapt the device to each type of inflatable cushion equipped with a valve. Use with KForce app for accurate readings and reports.

SKU	Price From
EKM010	£770.00

### Kinvent KForce Sens Movement Sensor

An electronic connected goniometer with an inertial sensor allowing the assessment, monitoring and rehabilitation of the range of motion of the main body joints. Use with KForce App for accurate readings and reports.

SKU	Price From
EKM016	£345.00

### Kinvent KForce Nordic Accessory

An accessory for the Muscle Controller, it replaces the classic grip and allows the dynamometer to be fixed to a barbell for support on a stable plane. It fits very well for the Nordic Hamstrings Test and other evaluations requiring an independent measurement.

SKU	Price From
EKM018	£42.00

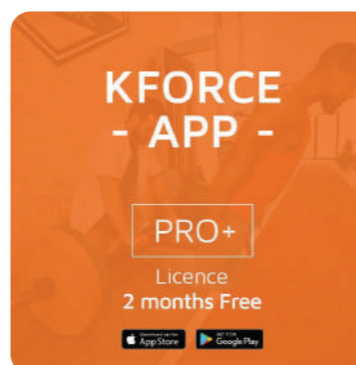

### Kinvent KForce Grip Dynamometer

Grip is a connected dynamometer for measuring gripping force. Enables real-time biofeedback via the Software app for both tests and exercises or games. Use with KForce app for accurate readings and reports.

SKU	Price From
EKM012	£277.00

### Kinvent KForce PRO+ Licence-PERPETUAL

Innovative application to help you get the most out of your Kforce connected devices! Allows connection for up to 20 devices as well as featuring protocols to make assessments even easier.

SKU	Price From
EKM022	£2,466.00

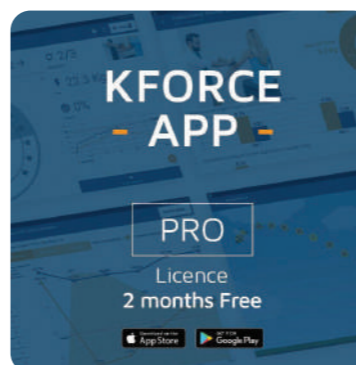

### Kinvent KForce Jump Frame

The Jump Frame is an accessory for the KFORCE Plates. It allows to stabilize the platforms and to obtain a larger surface at equal height to perform jumps in complete safety. It also allows you to adjust the distance between the plates.

SKU	Price From
EKM017	£175.00

### Kinvent KForce PRO Licence – Perpetual

Innovative application to help you get the most out of your Kforce connected devices! Allows connection for up to 3 devices as well as featuring protocols to make assessments even easier.

SKU	Price From
EKM021	£726.00

### Kinvent KForce Twin Handle

The Twin Handle accessory makes the KForce Muscle Controller easier to handle. The classic plug is removable, so you can switch it according to the needs of your evaluation. It is suitable for measures that require a stable and controlled two-handed grip.

SKU	Price From
EKM019	£60.00

### Jtech Commander Echo Console Kit

The Commander Echo Console provides you with software and all of the essential hardware components to work with your device(s) for a fully-functioning Commander Echo testing system.

SKU	Price From
CM300	£627.80

### Jtech Commander Echo Muscle Tester

Get objective muscle strength test results, identify areas of weakness, and quantify bilateral deficits with the Echo Muscle Tester. Ergonomic design stays stable in hand while measuring your patient's strength.

SKU	Price From
CM305	£837.40

### Mechanical Pinch Gauge

Measure tip, key and palmer pinch strength in both pounds and kilograms. Measurements are accurate and repeatable. Includes protective storage case.

SKU	Colour	Description	Price From
4531-60	Blue	60lb / 27kg	£177.20
4531-10	Blue	10lb / 4.5kg	£177.20
4531-30	Blue	30lb / 14kg	£177.20

### Jtech Commander Echo Downloader Software Package

The easy-to-use Commander Echo Downloader software interfaces directly with your Commander Echo Console eliminating dictation and transcription errors.

SKU	Price From
CM311	£208.60

### Push-Pull Dynamometer

A simple, easy to use, ergonomically designed instrument that objectively measures push, pull and lift forces for manual muscle testing, functional capacity evaluation and job task evaluation. Comes with cushioned carry case.

SKU	Measurement Extras	Price From
4527A	45kg Push-Pull Dynamometer	£1,039.75
4527B	115kg Push-Pull Dynamometer	£604.80

### 7 Piece Hand Evaluation Set

7 Piece Hand Evaluation Set which includes hydraulic hand dynamometer, pinch gauge, stainless steel goniometer, 2-point discriminator, Wartenburg pinwheel, finger circumference gauge and functional finger motion gauge. Instruments stored in protective case.

SKU	Colour	Price From
4522	Black	£512.05

### Digital Smedley Dynamometer

The digital, lightweight Smedley spring dynamometer offers an accurate grip strength readout with 5 preset grip sizes. Auto-captures and displays maximum grip force and saves / stores results for fast retrieval with up to 19 users.

SKU	Colour	Price From
4525	Grey	£123.85

### Hydraulic Hand Dynamometer

Ideal for routine screening of grip and initial and ongoing evaluation of clients with hand trauma and dysfunction. 2" diameter head. Comes with stylish carry case and instructions

SKU	Price From
4526	£295.00

### Pneumatic Squeeze Dynamometer

Squeeze bulb dynamometer is the inexpensive way to measure hand and finger strength. Available with and without a maximum force indicator (reset) that remains at the maximum reading until reset. Unit is calibrated in PSI.

SKU	Price From
4528	£63.50

### Bubble Inclinometer

Provides readings for flexion, extension, abduction and adduction, as well as rotation in the neck, shoulder, elbow, wrist, hip, knee, ankle and spine in 1° increments of measurement. Pocket size and latex free.

SKU	Price From
4518	£103.95

### Salter Mechanical Floor Weighing Scale

Mechanical Floor Weighing Scale suitable for hard and carpeted surfaces. Easy read dial and spacial platform. Capacity 150kg.

SKU	Price From
4568	£83.20

### Omron Blood Pressure Monitor M2

The new Omron M2 allows you to quickly and accurately check your blood pressure and monitor your results easily with one touch. Memory capacity for 30 readings. Includes Medium 22-32cm cuff, batteries and storage case.

SKU	Model	Price From
4541	Monitor	£33.65

### Finger & Small Joint Goniometer

Measures range of motion of finger joints (metacarpophalangeal and interphalangeal) and other small joints including toes. Scale in 2° increments & ruler displays inches.

SKU	Price From
4514	£9.95

### Classic Blood Pressure Cuff

Classic blood pressure cuff to suit most blood pressure monitors.

SKU	Model	Price From
bpc	Monitor	£16.65

### Transparent Plastic Goniometers

Transparent Plastic Goniometers for tracking progress in fitness or rehabilitation programs. Clear transparent plastic permits observation of joints axis of motion, and its range of motion. Constructed of a durable plastic easy sanitisation.

SKU	Size	Price From
4511	30cm / 11.8 inch	£8.45
4512	20cm / 7.87 inch	£7.45
4513	15cm / 5.9 inch	£5.45

### Fingertip Pulse Oximeter

Fingertip Pulse Oximeter is a very important and common device to check patient blood-oxygen saturation (SpO<sub>2</sub>) level and pulse rate. As a small, compact, simple, reliable and durable physiological monitoring device, this greatly enhances patient care.

SKU	Comes with	Price From
FPO-01	2 x AAA Batteries & Instructions for use	£22.85

### Kawe™ Training Stethoscope

Designed specifically for training purposes, the Teaching Stethoscope features two binaural headsets coupled via high quality tubing to a single chest-piece that allows teacher and student to listen to heart and chest sounds at the same time.

SKU	Price From
4554	£3770

### Bucks Neurological Percussor

Bucks Neurological Percussor with screw-in pointed tip and retractable brush. The weight balanced head, includes a large and small mallet constructed of soft TPR for precise percussions.

SKU	Colour	Price From
4559	Silver	£10.75

### Queens Percussor Reflex Hammer

The classic tool for checking reflexes. Rubber end.

SKU	Price From
4558	£7.15

### Neuropen Kit For Neuropathy Screening

An effective aid for regular foot screening in conjunction with symptomatic and clinical assessments as part of peripheral neuropathy. Provides a safe reliable test.

SKU	Product	Qty	Price From
NP09M	Neuropen 10g Monofilaments X5	5	£20.50
NP09T	Neuropen Replacement Neurotips X100	100	£15.60

Any measurements shown are intended as a guide only. Please confirm any critical measurement with Eureka

The sale of all products, services, quotations and contracts are subject to our Standard Conditions of Trade.

Due to our policy of continuous improvement, we reserve the right to modify and improve our designs and specifications.

All quotations and contracts involving the supply of goods and services by Eureka to another party (the purchaser) are subject to the following terms and conditions only, and all other terms, whether orally expressed or implied, are negated.

By ordering from Eureka and using our website, you confirm that you accept these terms of use and that you agree to comply with them at all times.

## Standard conditions of trade

### 1. Introduction:

**1.1.** The following conditions ('these Conditions') apply to the sale of any goods, products or services, and to servicing or repair of Goods by Eureka Physiocare Ltd and/or Splice Cast Limited, where relevant, ('the Company') to the exclusion of all other terms and conditions including any terms or conditions which the Buyer may purport to apply under any offer or similar document or in correspondence. No alterations or additions to nor exclusion of, any part of these conditions shall be valid in law unless specifically agreed in writing by a Director or authorised employee of the Company. Nothing in the Buyer's Terms of Purchase shall override, cancel or modify any of these Conditions.

**1.2.** By issuing a purchase order, email confirmation or verbal instruction to proceed, the Buyer accepts these Conditions

**1.3.** 'Buyer' includes buyer, user, hirer, lessee, owner or any other person who is in charge of Goods supplied by the Company. 'Goods' shall include products, services, materials, equipment, spare parts and any other items supplied, serviced, repaired, loaned or hired by the Company. 'Order' means an order for Goods in accordance with these Conditions.

### 2. Formation of contract and Legal Ownership:

**2.1.** Each Order is an offer by the Buyer to buy the Goods specified in the Order. The Order is accepted and a contract formed on issuance of a written order acknowledgement (whether hard-copy or electronic) from the Company ("Contract"). Whichever version of these Conditions is current at the date of the order shall apply.

**2.2.** Ownership and title to Goods supplied by the Company shall remain within the Company until:

**2.1.1.** The Buyer has paid the price plus VAT in full; and

**2.1.2.** No other sums whatsoever are due from the Buyer to the Company.

**2.2.** In the event of non-payment of sums due to the Company from the Buyer by the due date, the Company shall be entitled to enter the Buyer's premises and to physically re-possess and remove from them goods supplied by the Company for which payment has not been received. It will be assumed that where the Buyer purchases similar Goods from the Company on a regular basis that a stock rotation system has operated and Goods still held relate to invoices still outstanding for which full payment and VAT has not been made.

### 3. Credit:

**3.1.** An application for the opening of a credit account with the Company shall be on the basis that the applicant has read and agreed to these Conditions, as amended from time to time.

**3.2.** Where the Buyer has an account, payment shall be made by the end of the month following the date of invoice.

### 4. Buyer's Default:

**4.1.** Should the Buyer fail to make any payment on the due date then, without prejudice to any other right or remedy available to the Company, the Company shall be entitled to:

**4.1.1** Cancel the Order or suspend any further deliveries to the Buyer until further notice;

**4.1.2** Appropriate any payment made by the Buyer to such of the Goods (as the Company may think fit (notwithstanding any purported appropriation by the Buyer); and

**4.1.3** Charge the Buyer interest (both before and after any judgement) on the amount unpaid, at the rate of four percent (4%) per annum above the base lending rate from time-to-time of Barclays Bank Plc., until payment in full is made (a part of a month being treated as a full month for the purpose of calculating interest).

**4.2** This condition applies if:

**4.2.1** The Buyer fails to perform or observe any of its obligations hereunder or is otherwise in breach of the Contract;

**4.2.2** The Buyer becomes subject to an administration order or enters into a voluntary arrangement under Parts I or VIII of the Insolvency Act 1986 or the Insolvent Partnerships Order 1994 (as amended) or (being an individual or firm) becomes bankrupt or (being a company) goes into liquidation;

**4.2.3** An encumbrancer takes possession, or a receiver is appointed, of any of the property or assets of the Buyer;

**4.2.4** The Buyer ceases, or threatens to cease, to carry on business; or,

**4.2.5** The Company reasonably apprehends that any of the events mentioned above is about to occur in relation to the Buyer and notifies the Buyer accordingly.

**4.3** If sub-clause 4.2 above applies then, without prejudice to any other right or remedy available to the Company, the Company shall be entitled to cancel the Order or suspend any further deliveries without any liability to the Buyer (so far as is permitted at law), and if the Goods have been delivered but not paid for the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.

### 5. Specification of Goods:

**5.1** It is the responsibility of the Buyer to examine Goods supplied by the Company and to identify defects which might cause injury or damage. The onus rests on the Buyer to ensure that the goods

supplied are fit for their intended purpose before use. Illustrations, recommendations, specifications, descriptions, weights and measurements shall be taken by the Buyer as a guide only, and are not binding. The Company reserves the right without notice and without affecting the validity of the Contract to make such changes in material, dimensions and design as are reasonable and desirable. No goods are warranted or guaranteed, expressed or implied unless agreed in writing, save as to the extent those permitted by law. Goods will only be accepted for return with copies of original paperwork and those Goods being in their original packaging.

**5.2** If you are a consumer, you have legal rights in relation to Goods that are faulty or not as described. Advice about your legal rights is available from your local Citizens' Advice Bureau or Trading Standards office. Nothing in these Terms will affect these legal rights.

**5.3** If you are a consumer, a manufacturer's guarantee is in addition to your legal rights in relation to Goods that are faulty or not as described. Advice about your legal rights is available from your local Citizens'Advice Bureau or Trading Standards office.

### 6. Acknowledgements:

**6.1.** The Company gives no representation or undertaking, and shall not be bound by such condition, warranty, innominate term or other obligation (whether express or implied, and whether imposed or implied by statute, at common law or otherwise) concerning the condition, quality, physical state or attributes, location, origin, fitness or suitability for any purpose, or conformity with description or sample, of the Goods so far as is permitted by law.

**6.2** Should the Buyer decide to reject the Goods in accordance with this clause 6, the Buyer shall be entitled to:

**6.2.1** Require the Company to repair or replace the rejected Goods; or

**6.2.2** Require the Company to repay the price of the rejected Goods in full. Once the Company has complied with the Buyer's request, it shall have no further liability to the Buyer for the rejected Goods' failure to comply with this clause 6.

**6.3** These Conditions shall apply to any repaired or replacement Goods supplied by the Company.

### 7. Advice, Information & Opinion:

**7.1** Advice, information and opinion given by any Director, Manager, Employee or Agent of the Company is given without legal responsibility. Any recommendation or suggestion made by the Company relating to the design, legal or IP status, material choice or use of Goods, whether in technical literature or in response to a specific enquiry is made in good faith but it is for the Buyer and user to satisfy themselves of the accuracy or validity of advice, information & opinions given prior to acting on it.

### 8. Limit of Liability:

**8.1** The Company shall not be liable for direct or consequential damage (save for if it contracts with individual consumers), injury or loss (including any costs incurred in any recall of the Goods) caused by its Goods or workmanship, design or materials used beyond replacement of the Goods or work on verification of the Buyer's complaint.

**8.2** The Company shall not be liable for any consequential loss (save for if it Company contracts with individual consumers) caused by its failure or delay in supplying, servicing or repairing Goods, whether the loss arises from the actions or from the omissions of the Company, its Employees, Agents or Subcontractors.

**8.3** Nothing in these Conditions limits or excludes the Company's liability for:

**8.3.1** death or personal injury caused by its negligence;

**8.3.2** fraud or fraudulent misrepresentation;

**8.3.3** breach of the terms implied by section 12 of the Sale of Goods Act 1979 (title and quiet possession); or

**8.3.4** any other liability that cannot be limited or excluded by law.

**8.4** Subject to clause 8.3, the Company's total liability to the Buyer for all losses arising under or in connection with the Contract, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, will in no circumstances exceed the price paid for the Goods.

### 9. Reliance:

**9.1** The content in our catalogues and website is provided for general information only. It is not intended to amount to advice on which you should rely. You must obtain professional or specialist advice before taking, or refraining from, any action on the basis of the content on our site. In no way does this constitute a recommendation.

**9.2** The Buyer agrees that it does not rely on the skill, judgement or advice of the Company in relation to the suitability of any goods or services for a particular purpose.

### 10. Deliveries:

**10.1** The Company will contact you with an estimated delivery date, which will be within 60 days after the date on which the Company emails the Buyer to confirm its acceptance of the Buyer's order. Occasionally the Company's delivery to the Buyer may be affected by an Event Outside The Company's Control.

**10.2** Delivery is complete once the Goods have been unloaded at the address for delivery set out in your order or collected by you from The Company and the Goods will be at your risk from that time.

**10.3** The Buyer owns the Goods once the Company has received payment in full, including of all applicable delivery charges.

**10.4** If the Buyer fails to take delivery within 5 days after the day on which the Company notifies the Buyer that the Goods were ready for delivery, the Company may resell part of, or all the Goods and after deducting any reasonable storage and selling costs, account to the Buyer for any excess over the price of the Goods or charge the Buyer for any shortfall below the price of the Goods.

**10.5** Any time named by the Company for the delivery of its Goods is an estimate only, and while every effort will be made to deliver on time, the Company will not be liable or responsible for any failure to perform, or delay in performance of, any of its obligations under the Contract that is caused by any act or event beyond its reasonable control ("Event Outside The Company's Control").

**10.6** If an Event Outside The Company's Control takes place that affects the performance of the Company's obligations under this Contract:

**10.6.1** the Company will contact the Buyer as soon as reasonably possible to notify them; and

**10.6.2** the Company's obligations under the Contract will be suspended and the time for performance of its obligations will be extended for the duration of the Event Outside The Company's Control. Where the Event Outside The Company's Control affects the Company's delivery of Goods to the Buyer, the Company will arrange a new delivery date with the Buyer after the Event Outside The Company's Control is over.

**10.7** The Buyer may cancel the Contract affected by an Event Outside The Company's Control which has continued for more than 90 days. To cancel please contact the Company. If the Buyer opts to cancel, the Buyer will have to return (at the Company's cost) any relevant Goods the Buyer has already received and the Company will refund the price the Buyer have paid, including any delivery charges.

**10.8** Claims by the Buyer for damage during transit, shortages or non-delivery must be made to the Company in writing within three (3) days of date of delivery. Despatch or delivery of the goods by the Company to the Buyer shall be deemed to be conclusive evidence of the Buyer's acceptance of these conditions, and such acceptance shall take effect notwithstanding any purported prior, contemporary or subsequent notice or incorporation by the buyer of any provision at variance with these conditions.

**10.9** Should the Buyer wish to exercise its right to reject the Goods in accordance with the Sale of Goods Act 1979, the Buyer shall be entitled to:

**10.9.1** Require the Company to repair or replace the rejected Goods; or

**10.9.2** Require the Company to repay the price of the rejected Goods in full. Once the Company has complied with the Buyer's request, it shall have no further liability to the Buyer for the rejected Goods' failure to comply with this clause 10.

**10.10** These Conditions shall apply to any repaired or replacement Goods supplied by the Company.
